

**MG Traductores** is a company specializing in text translation and language interpreting services.

Who are we  
and what do  
we do?

In addition to having a professional degree in translation and interpreting, our translators and interpreters have a second degree or certification related to their area of specialty, such as: medicine, engineering, economics, law, and environment.

We have the **best technical staff in the center of the country and professional audio and video equipment**, such as: cameras, interfaces, indoor and outdoor mega LED screens with 2.6, 3.9 and 6 mm pitches, 55, 60 and 80 inch TV screens, switchers for closed circuits and parliamentary microphones.

Part of our team is made up of **certified translators and interpreters** who have **governmental, state and/or federal certification** in different languages, such as English, French, Portuguese, Mandarin Chinese, Japanese, Korean, among others.

Since our foundation in 2014, at MG Traductores we have strived to ensure that each of our services integrates the most recent technological advances, which allows us **to offer fast delivery times and low prices.**

# Language Interpretation

Since 2014, we have had interpreting services in different languages and modalities, such as:

**On-site:**

We have portable and fixed equipment for up to 10,000 people.

Agile delivery and reception of receivers systems.  
Bilingual staff.

Professional interpreters who have a second career related to their area of specialty; in addition, some of them are certified interpreters.

**Remote:**

We have multilingual video conferencing platforms such as Zoom, Webex and Microsoft Teams in which up to 1000 participants, bilingual facilitators, engineers, and qualified technicians can be summoned.

**Hybrid:**

We have trained staff to make any type of analog-digital integration, that our clients require, adapting to their budgets.

We have provided our services to a wide variety of private firms and government agencies, including:
