

MG
TRADUCTORES
NEGOCIOS INTELIGENTES

We're **MG Traductores**, a translation and interpretation agency that offers in-person, remote, and hybrid interpreting services.

We work with professional translators and interpreters certified by government, state, and/or federal authorities in languages such as English, French, German, Portuguese, Mandarin, Japanese, etc. In addition to holding a **degree in Translation and/or Interpretation**, our collaborators have a **second degree or certification in their area of expertise**, such as Engineering, Economics, Law, and Veterinary Medicine.

INTERPRETATION

We have the best technical staff in central and southern Mexico and professional audio and video equipment, such as cameras, interfaces, indoor and outdoor LED mega screens with 2.6, 3.9, and 6 mm pitches, 55-, 60-, and 80-inch TV screens, closed-circuit switches, and parliamentary microphones.

In-person Interpretation

We have portable and fixed equipment with a capacity for up to 10.000 people, agile systems for the delivery and reception of receivers, and bilingual staff.

Remote Interpretation

We have multilingual videoconferencing platforms such as Zoom, Webex, and Microsoft Teams that can accommodate up to 1.000 participants, bilingual facilitators, engineers, and qualified technicians.

Hybrid Interpretation

We have personnel trained to perform any analog-digital integration that our customers require, adapting to their budgets.

TRANSLATION AND POST-EDITING

We bring together human experience and advanced technology to offer precise and accurate translations.

We use automatic translation tools that carry out the first part of the translation process, followed by a thorough check performed by professional human translators to ensure unmatched accuracy and quality.
